

Our Mission

Our goal is to consistently provide the best opportunities for our student athletes to practice teamwork, sportsmanship, citizenship, character development, and skills in a specific sport. We will provide each participant with experiences that promote growth and maturity and enhance their capacity for commitment and acceptance of responsibility.

Our Vision

To be the top performing educational athletic program in the state of Florida.

Our Core Values

Creekside Athletics exists to serve our student athletes and to provide outcomes that truly matter to them. It is the values that we embrace and practice daily that make us an exceptional athletic department. Here are the values that guide us:

Student Athlete Focused – We serve amazing students and school community. By helping our student athletes become better citizens we prepare them to better serve the world.

Promote the Six Pillars of Character – Character Counts. Model the six pillars of character daily, while interacting, communicating, coaching, and serving our student athletes. Infuse the meaning of fairness, citizenship, responsibility, respect, trustworthiness, and caring as core values of each team.

Act with Integrity – We are defined by how we behave. We refuse to compromise our high ethical standards – ever. We trust each other and earn our athletes' and the community's trust every day.

Deliver Excellence – If it's worth doing, it's worth doing well. We have a winning spirit and strive to be the best in everything we do. We are empowered to look for new and better ways to do things for the benefit of our student athletes.

Take Personal Accountability – Promises and words matter. We live our values, deliver results, and follow through on our commitments to our student athletes, colleagues, and school community.

Unified – We're all on the same team. We have each other's backs and depend on each other to bring value and service to our student athletes.

Stewardship – Manage each team in a manner that demonstrates respect and appreciation for our most valuable resource – the student athlete. Exercise financial transparency as well as prudent and practical judgment with all financial matters.

Compliance – There is tremendous value in self-governance. Intentionally following the spirit in which all applicable rules and policies are intended must be our standard. Collectively, we should not violate any rule or policy or fail to act in a way that the rule requires.
