

LADY KNIGHTS BASKETBALL

2020-2021 Season Preview

The Lady Knights return to action for the 2020-2021 looking very different from the previous two years. The Lady Knights only return 3 varsity players from their 2020 District Championship squad. The Lady Knights will be a young and energetic team but will deal with growing pains throughout the season as younger players are asked to fill big roles.

Senior Ellie Alderman- Ellie will look to lead the team in her senior season after filling the roll as 6th man the two previous years. Her 3 point shooting and command of the floor will look to stabilize the young group of Knights.

Junior Leah Crenshaw- Leah will be tasked with running the floor in her first stint as the varsity point guard. Leah is known for great passing and leadership. She is a great teammate and brings a hard nosed work ethic with her on the court.

Sophomore Melissa Epting- Melissa returns to the varsity squad after a promising freshman season. She ruthlessly attacks the basket and will be a nightmare in transition for the next 3 years.

Sophomore Kayla Kastor- Kayla rounds out our returning varsity players after she earned herself the starting post job last season. A tenacious rebounder and inside/outside threat, she will be our offensive and defensive anchor for the next 3 years.
