Re: Finnur Christianson

Greetings,

This letter is to verify that I will monitor and verify hours for students who complete the Finnur Christianson's Peer Disability Inclusion training program. Completion of the program will earn students 6 service hours. Additional hours can be earned if they continue to spend time with students with disabilities and advocate for them.

I will provide any necessary documentation for students.

Please feel free to contact me if you have any questions

Sincerely,

Kristin Radloff
Florida Inclusion Network Specialist
