

**Historic Impressionists of Florida  
The Carl and Patti Rang Scholarship for History and Music**

The Historic Impressionists of Florida, Inc. was initially begun to bring a new perspective to historical education. Our members have been active in the reenacting community for several years, enlightening the public with our historical perspectives from the 16th to the 19th centuries. From storytelling to fashion shows, garden parties to historic weapons demonstrations, we strive to represent history through impressionism.

The Historic Impressionists of Florida would like to present the Carl and Patti Rang Scholarship for History and Music to an interested and worthy high school senior.

In 2016 the City of St. Augustine presented the de Aviles Award to the Rangs. This award honors those who serve the public or those “well known and respected by the citizenry who have dedicated honorable service to the community of St. Augustine and St. John’s County”.

The award granted by the HIF is to recognize Carl and his wife Patti; to acknowledge their contributions to the living history community; and to honor them as co-founders of this organization.

The purpose of the HIF scholarship is to financially aid a St. Johns County senior high school student who is interested in history and/or music. We help students interested in pursuing studies in history and music with the educational needs required for attending a Florida college of choice.

The Historic Impressionists of Florida would greatly appreciate a list of graduating seniors who would benefit from our scholarship award. We value your knowledge and recommendations.

Thank you for your time and consideration and for helping us with our contribution to the higher education of a St. Johns County student!
