

“Family Knight” is OUR commitment to give faculty/staff and students a night free from any school related activities or responsibilities. It takes deliberate and intentional planning. Teachers are asked not assign to any homework, assignments, projects or studying for assessments. This includes ALL DE and AP classes. There are no home or away athletic contests and practices will be completed by 5:30pm. Afterschool clubs and activities can meet as scheduled as long as they are completed by 5:30.
