

“Behind the Wheel” Driving Track Day

Winter Driving Track Day – **New course starting February 2020!**

An 8-hour driving course designed to improve students' driving skills and confidence with practical experience. The course begins with a classroom lecture that focuses on the concepts of being a defensive driver, laws that relate to the operation of a motor vehicle, as well as course safety procedures. The 7 hour “Behind the Wheel” portion of the training will consist of braking, backing, parking, off road recovery, hydroplaning and lateral control movements. We will also introduce the student to driving in traffic situations as they drive on roadways within St. Johns County with a state certified driving instructor.

- **Student must have 10 hours of driving experience prior to registering**
- Cost: \$150 – A 10% discount is offered to students who successfully completed the Phase I classroom lecture (**completion certificate required**) or are enrolled in the free or reduced lunch program at their respective high school.

More information about our Phase I and Phase II courses can be found online at
